

Thursday 18th May

Afternoon Activity Music

Musical grid

Can you clap this musical grid?

The top line goes **clap clap clap rest**

The second line goes **clap rest clap clap**

The third line has two quicker notes in

When you have perfected a line or the whole grid, clap it to a piece of music or song from the radio.

Make up your own grid and clap it.

You could rotate the grid round to get different rhythms.

●	●	●

	●	●	●

Insect rhythms

Insect names make rhythms

	Ant	●	
	Beetle	●	●
	Butterfly	● ●	●
	Grass hopper	●	● ●
	Caterpillar	● ●	● ●

Combine insects to make rhythm patterns

Try clapping them or tapping something to make the rhythm. Can you play your rhythm along with a song without increasing the tempo (getting faster) and changing the dynamics (loud and soft)?

Challenge

Use a rhythm grid, insect or dots to record the rhythm of your name or a line of a song.
