Afternoon Activity

RE

Children's Bible Project

Today's chapter from the Child's Bible tells the story of the Creation. God worked hard for six days, and then rested on the seventh day. Here are some instructions for making a Story Cube. It has six sides (one for each day in the story) and when it's finished you can use it to tell someone else the story of the Creation. Watch the video here with a trusted adult-

Watch the video here:

<https://www.youtube.com/watch?v=0qAICGNH-IE&t=5s>

Watch the reflection here:

<https://www.youtube.com/watch?v=zlsEN8SIa90&t=12s>

***No access to a computer- read the creation story in a children's Bible**

You'll need: One small box (a cube is best, but anything without sides or ends that are too small will do) Some coloured paper Coloured pens or crayons Some PVA glue or a glue stick A pair of scissors (not too sharp if you are using them on your own!)

Here's how to make your Story Cube:

1. First you'll need to number each side of your box—there will be six sides in total (four sides and two ends). It's fine if your box has writing on it—you're going to be covering that up with your pictures later on!

2. Now you need to trace each numbered side of the box on to some paper (white or coloured). Cut out and number each piece of paper.

- 3. It's time to go back to the video and listen to the story again. Make a list of what God created on each day. You have one numbered piece of paper for each day, so you can decorate each one to tell the story of one day's work. You can draw, paint, stick on coloured paper—whatever you like. Repeat this for each day of the story. Our photo shows the first three days of Creation on our Story Cube.**
- 4. When you've finished all six days, carefully glue each picture you've made on to the box; match up the picture with the same number on the box**

**You're done—great job! Now you can use your Story Cube to share the Creation Story with other people in your family. After that, remember what God did when he was finished?
On the seventh day, he rested. So should you!**

Prayer for today:

God, thank you for creating me, and for making our world with so many beautiful things in it for us to enjoy. Help us to look after everything you have trusted us with. Let me learn as much as I can about you so that I know you better.
