Afternoon Activity

Geography

Famous landmarks

Look at the photos of famous landmarks around the world. Can you name the landmark? Do you know which country each landmark is located in? Look at the answers to see if you were correct.

- Can you use materials from around your home to build a model of one of these landmarks? You can choose one from the slides or choose a landmark of your own. You could use recycled boxes, tubes, cartons etc or perhaps even make it out of food e.g. dried pasta/spaghetti. Alternatively, make a landmark cake, or a 3d landmark picture/collage.
- Can you plot the location of each landmark on the world map? You might want to use google maps to help you with this.
- Can you find out any more facts about one of the landmarks? When was it built? Who built it? Why was it built?
