

St Cuthbert Mayne

Home Learning Timetable Year 2

w.c. 04.05.20

Dear lovely Year 2,

We hope you are all well and staying safe and continuing with your wonderful learning. Here is the timetable for this week. As with last week we will continue setting White Rose activities for maths. However, the activities are no longer on the website so we have emailed them to you instead. You should still be able to access the relevant videos for week 3 by following the White Rose link below.

This week in English, we are using The Oak National Academy website. All the resources are on the website, so all your child will need is a pencil and paper. Please start with **Week 1** activities, which you will find if you click on the 'schedule' button and then scroll down the page. We would really appreciate your feedback as to whether your child found the website useful and enjoyable. Feel free to explore the maths and foundation activities on the same website if you wish.

Please remember that you can contact us on stpatrick@stcuthbert-mayne.surrey.sch.uk

Take care and best wishes,

Mrs Brading and Mrs Newland

| 10.40-11.30 | ENGLISH | Week 1 Lesson 4 – To identify and use adverbs www.thenational.academy/online-classroom |
| Afternoon | VE Day | See resources |

Friday Bank Holiday

You may also find it helpful to revisit some of your child's learning from the Spring term. To help you with this, you can find the Power Maths textbook online. Find the concept your child wants to revisit using the contents page and then get them to work through the activities as we would do in class. There are also questions from the practice book available for some of the later units which you can find by clicking on the 'Resources' tab. To find these resources go to <https://whiterosemaths.com/homelearning/> Scroll down to the bottom of the page and click on the Power Maths textbook for your child's year group.

Maths fluency

Ask your child to keep practising their times tables and arithmetic skills as they are really important.

- Times tables: 2,5 and 10
- Number bonds to 10, 20 and even 100! Number bonds are simply pairs of numbers that make up a given number e.g What number do you pair with 7 to make 10? What number do you pair with 5 to make 10?

Other websites to help support maths:

<http://www.iseemaths.com/home-lessons/> are posting daily videos and offer fun challenges using a range of Maths skills.

<https://nrich.maths.org/> This website has problem solving tasks that could be tackled as a whole family!

Reading – online books

MyOn by Renaissance

<https://readon.myon.co.uk/>

Flyleaf publishing

<https://portal.flyleafpublishing.com/learners-resources/>

Covering a variety of subjects:

<https://www.bbc.co.uk/bitesize>

<https://www.tts-group.co.uk/home+learning+activities.html> This company has produced a downloadable activity booklet that includes activities for all areas of the curriculum. There are some really lovely activities in the booklet but it is 104 pages long. Please do not print it all out! Use a pen and paper and read from the screen where possible.

<https://www.discoveryeducation.co.uk/free-resources> A wide variety of free resources including; phonics, space, time, geometry, grammar and punctuation, farming and traditional tales. Keep scrolling down the page to make sure you find everything.
