## Home learning timetable Year 3

w.c. 18.05.20

Dear Parents and Carers,

It was lovely to catch up with you and your children last week. I am so proud of how well the children are coping with their alternative ways of learning and I want to thank you for all the support and encouragement that you are giving them. I will be sending a video to the class this week so please watch out for it! Thank you in advance for sending through your child's writing and I will, during the course of this week, send individual feedback.

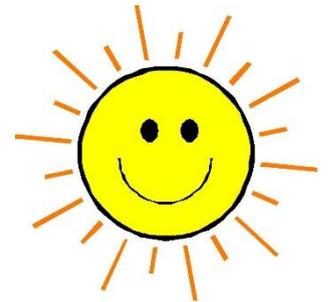

For maths, this week, please note that the children will be following **Week 5 Alternative** White Rose Maths sessions as they completed the learning on Fractions before the Easter holidays. There is not an alternative for English this week but please note that the children do not have to move from the video to the slide show to complete the tasks. Instead, they can keep the video playing but pause it as they answer each question. When they have answered the question, press play and it will eventually move to the next question. Also, if time is an issue, they do not have to do the Introductory Quiz but it is there to recap and reactivate their previous learning.

I can't quite believe that at the end of this week the Summer Half Term begins. Value your time together, relax and hopefully enjoy some sunshine!

Please do contact me if you have any problems or worries. You can contact me on our class email address: [stgeorge@stcuthbert-mayne.surrey.sch.uk](mailto:stgeorge@stcuthbert-mayne.surrey.sch.uk)

Best wishes,

Kate Woodhams

### Monday 18<sup>th</sup> May 2020

9-9.30	PE	Joe Wicks PE <a href="https://www.youtube.com/playlist?list=PLoFs-pW9hQxSEEHr4TZITZtv-0EFhV7ak">https://www.youtube.com/playlist?list=PLoFs-pW9hQxSEEHr4TZITZtv-0EFhV7ak</a>
9.30-10.15	MATHS	<p><b>PLEASE NOTE – The video for each lesson will be available on the website as usual. However, you will no longer be able to download the activity sheets and answers so these have been sent out to you.</b></p> <p><a href="https://whiterosemaths.com/homelearning/year-3/">https://whiterosemaths.com/homelearning/year-3/</a></p> <p>Summer Term Week 5</p> <p><b>Add and subtract 2-digit and 3-digit number – not crossing 10 or 100</b></p> <ul style="list-style-type: none"> <li>• Watch the video lesson</li> <li>• Complete the activity</li> <li>• Use the answer sheet to see how you got on.</li> </ul> <p>Don't forget the <i>Arithmetic Half Test</i> for this week.</p>

Afternoon	PSHE	See 'Afternoon Learning Tasks'.

## **Maths**

Maths revision from Spring term.

You may also find it helpful to revisit some of your child's learning from the Spring term. To help you with this, you can find the **Power Maths** textbook online. Find the concept your child wants to revisit using the contents page and then get them to work through the activities as we would do in class. There are also questions from the practice book available for some of the later units which you can find by clicking on the 'Resources' tab.

To find these resources go to <https://whiterosemaths.com/homelearning/> Scroll down to the bottom of the page and click on the Power Maths textbook for your child's year group.

## **Maths fluency.**

Ask your child to keep practising their times tables and arithmetic skills as they are really important. Each day, aim to do 10-15 minutes practice of one of the following:

- Times table facts up to 12x12. Use *trockstars* or, for a change, the grids I sent out in the first week.
- Number bonds (to 10, 20, 100, or even 1,000). Your child could create a matching pairs/bingo style game. E.g. 73 must be paired with 27 to total 100.
- Arithmetic Half Test (See my note in Monday's Maths section)

Additional resources to support Maths home learning.

**NRICH** This website has a wide range of problem solving tasks that may be fun to work on collaboratively with siblings/family. <https://nrich.maths.org/>

<http://www.iseemaths.com/home-lessons/> are posting video lessons daily. These offer fun challenges using a range of Maths skills.

Challenges.

Have a go at one of the 'Problem of the Day' or 'Barvember' challenges. A set for KS1 and KS2 will be posted on our website.

Try a KenKen puzzle <http://www.kenkenpuzzle.com/#>
