

St Cuthbert Mayne

Home learning timetable Year 3

w.c.29.06.20

Dear Parents and Carers,

I hope this finds you all well and that your children are coping with this changeable weather! I understand how difficult it is to keep your children motivated during this lockdown period and I do thank you for all your efforts. Remember, you can contact me via our class email to discuss any concerns about their learning.

At the end of this week, I would be grateful if you would send me a photograph of your children's weekly write and one of their Maths sheets. Please can you send this to me by Monday 22nd June so I can organise and send a response. I am going to ask that this now happens weekly and, as ever, I look forward to seeing what they have been doing.

Once again, the children are following the alternative resources in maths for the *White Rose Maths* sessions and I do apologise for the wrong answer sheets last week. The alternative English, which uses 'The Butterfly Lion' by Michael Morpurgo as the stimulus, is also available.

Last week, some of my sweet peas finally made it to vases! I hope all the plant growing, that you have been doing with your children, is doing just as well!

Please do contact me if you have any problems or worries. You can contact me on our class email address: stgeorge@stcuthbert-mayne.surrey.sch.uk

Best wishes,

Kate Woodhams

Afternoon	DT	See 'Afternoon Learning Tasks'.

Maths

Maths fluency.

Ask your child to keep practising their times tables and arithmetic skills as they are really important. Each day, aim to do 10-15 minutes practice of one of the following:

- Times table facts up to 12x12. Use *ttrackstars* or, for a change, the grids I sent out in the first week.

- Number bonds (to 10, 20, 100, or even 1,000). Your child could create a matching pairs/bingo style game. E.g. 73 must be paired with 27 to total 100.
- Arithmetic Half Test (See my note in Monday's Maths section)

Additional resources to support Maths home learning.

NRICH This website has a wide range of problem solving tasks that may be fun to work on collaboratively with siblings/family. <https://nrich.maths.org/>

<http://www.iseemaths.com/home-lessons/> are posting video lessons daily. These offer fun challenges using a range of Maths skills.

Challenges.

Have a go at one of the 'Problem of the Day' or 'Barvember' challenges. A set for KS1 and KS2 will be posted on our website.

Try a KenKen puzzle <http://www.kenkenpuzzle.com/#>
