Home Learning Project
Year 3 Summer 2021

During this term I would like you to choose two projects to undertake. The first should be brought into school to share in the week beginning 17.5.21and the second project brought in during the week beginning 12.7.21. I am also very happy for you to create your own project to share. **Have fun!**

Research the foods that Anglo-Saxons ate. Write a food diary for one day as if you were member of an Anglo-Saxon household.

Create your own 3D Iron Man.

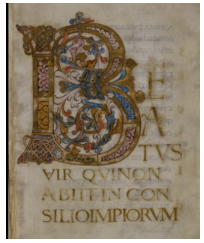
The Iron Man likes eating metal. How many different types of metal can you think of? Can you plan a tasty meal for him using different metal objects?

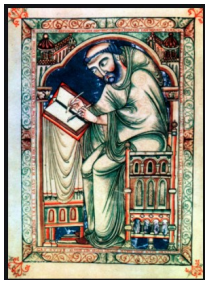
Create your own Sutton Hoo helmet or make your own Anglo-Saxon brooch, buckle or necklace.

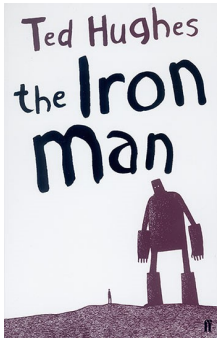
Write a diary entry for an Anglo-Saxon warrior.

Think about the properties of materials. What might have happened if the 'Iron Man' was made of wood, plastic, fabric or jelly? Plan an experiment to test the strength of different materials. Share you results with the class.

Draw and colour an illuminated letter used in manuscripts.







Research Anglo-Saxon runes. Use the runes to write a secret message for the class to decipher!
