

St Cuthbert Mayne

Home learning timetable w.c. 22.06.20

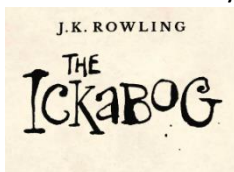

Dear St Bernadette's Class,

Firstly, I'd like to apologize for the absence of learning resources on the website at the beginning of last week. I appreciate the importance of maintaining a routine of learning for the children, so not having the resources must have created many difficulties for you. Many thanks to all parents who highlighted the issue and I will ensure that the same problem will not arise again.

This week I have had the pleasure of reading all your character descriptions for different imaginary creatures. I now have a zoo of outlandish creatures in my head looking for strange new places to live. For English this week, we are looking at developing setting descriptions. It would be lovely to be able to give all these creatures new homes either on alien worlds or hidden in the rarely seen spaces of our earth. Be creative and explore the pages of a thesaurus to find awesome adjectives that will bring your settings to life.

Please feel free to remove one of the reading comprehension activities so that you can spend more time on Thursday planning your writing and then complete the Big Write on Friday, improving and editing the writing. When editing the writing, please remember to use the checklist of success criteria so that you are sure to include all the features of a setting description.

Remember to keep reading every day. Try something new; start reading

J.K.Rowling's book 'The Ickabog' online: <https://www.theickabog.com/home/> You can also have a go at the competition to create an illustration for the book.

Or be inspired by this year's winners of the BBC's 500 word story competition. Listen to some of the stories and start writing your own ideas.

For Maths, please note that there is an **alternative option** to MONDAY and TUESDAY lessons on the website: <https://whiterosemaths.com/homelearning/year-4/>

Please click on the alternative lesson video link to access the correct lesson.

Challenge yourself to more maths using the Barvember activities:
