Dear Parents and Carers,

Year 4 Learning during School Closure for St. Bernadette's Class

I would just like to touch base with you all with regards to plans for if/when the school has to close. There is a shared email address set up for St. Bernadette's Class which I will use to communicate with you if the school closes.

I am planning to set short daily English and Maths tasks which I will send out the answers for so as these can be marked at home. I hope to send these tasks out on a weekly basis for you to complete as and when you're able to. The first set of tasks have been sent home today in a folder.

In addition to this, I would like to ask that the children work through some suggested Home Learning Projects and these will be celebrated in class upon return to school. Please see the attached '**Home Learning Projects during School Closure**' document.

Please see below links to some useful websites which you may like to also use:
